Teaming Agreement

Between

Harris Miller Miller & Hanson Inc.

and

Changeis, Inc.

This Teaming Agreement ("TA"), is made and entered into this __ day of March 2026 by and between Harris Miller Miller & Hanson Inc., with offices located at 700 District Avenue, Suite 800, Burlington, MA, 01803, hereinafter referred to as "Prime Contractor" or "HMMH" and Changeis, Inc. ("Subcontractor"), with corporate offices located at 1530 Wilson Blvd., Suite 700, Arlington, VA 22209, hereinafter referred to as "Subcontractor," each a "Party" and collectively the "Parties."

Whereas, the Parties have determined that they would benefit from a teaming arrangement between their respective companies in order to pursue the *Policy, Engineering, Analysis, and Research Support (PEARS) III* contract (the "Opportunity");

Whereas, the Parties desire to define their mutual rights, interests, and obligations in preparing a proposal, establishing a subcontract, and performing work under any resulting prime contract.

Now, Therefore, the Partiies in consideratiion of the mutual covenants hereinafter contained, agree as follows:

1. The proposal for work as defined within this Teaming Agreement and Exhibit A Statement of Work (SOW), hereto, will be based on HMMH being the Prime contractor to the Client on any resultant contract award and Changeis, Inc. being a Subcontractor.

2. This Agreement and SOW identify the major responsibilities of each Party in the joint pursuit of the Opportunity and the proposed Subcontractor work areas upon award of a Prime contract resulting from this pursuit.

3. This Agreement shall relate only to the Opportunity referenced in this Agreement and to no other effort currently being undertaken by the Prime or the Subcontractor jointly or separately.

4. This Agreement establishes an exclusive Subcontractor teaming arrangement. Subcontractor will not be permitted to team with other prime contractors in response to the solicitation. Subcontractor agrees to operate with extreme care in protecting HMMH's bid strategy, proposal information, and all other information that would be detrimental to HMMH's bid if shared, intentionally or unintentionally, with a bidding competitor. Subcontractor agrees not to divulge any competition-sensitive information from the Prime Contractor, team, or resultant proposal effort. Subcontractor acknowledges that there may be other subcontractors to the Prime for this Opportunity and agrees this Agreement does not form an exclusive agreement by the Prime to only subcontract with Subcontractor.

5. This Agreement shall not be construed to form a joint venture or partnership between the Parties. Nor shall this Agreement create any form of relationship or legal association, which would impose liability on one Party for the act or failure to act of the other Party.

6. This Agreement may not be assigned or otherwise transferred by either Party without the prior written consent of the other Party, which shall not be unreasonably withheld.

7. The Prime, with assistance from the Subcontractor, will prepare and submit a proposal for the Opportunity. Subcontractor shall provide appropriate-level managerial, marketing, advisory, and technical personnel to support the proposal effort. Each Party will exert its best efforts to produce a proposal which will result in selection of the Prime as the contractor for the resulting contract and acceptance of the Subcontractor as a subcontractor for the work identified in this Agreement. Each Party will continue to exert its best efforts toward this objective throughout any and all activities concerning the Opportunity.

8. The Parties will furnish qualified personnel who will cooperate in strategizing on the Opportunity, preparing the proposal, and performing other activities related to pursuit of the Opportunity. The Prime will have the sole right to decide the form and content of all materials submitted for the Opportunity. The Subcontractor will offer the Prime its advice and assistance and will provide the substantive content of its area of the proposal and other applicable data including but not limited to documentation, graphics, resumes, and pricing data. Subcontractor will contribute to the development and refinement of the Prime team themes, advantages, value propositions, and overall win strategy. Further, Subcontractor may be asked to leverage their relationships and subject matter expertise with related programs and key customers throughout pre-proposal, proposal, and transition (post award) activities.

9. Each Party shall bear its own expenses and liabilities incurred in connection with this Agreement. Neither Party shall have rights to any reimbursement, payment, or compensation of any kind from the other. Nothing herein shall be construed as providing for the sharing of profits or losses arising out of the efforts of either or both of the Parties.

   Except in the event of a party's gross negligence or willful misconduct, neither Party shall be liable to the other for any punitive, incidental, indirect, special, exemplary, or consequential damages (including, but not limited to, lost profits, lost revenues, lost business opportunities, and loss of or corruption to data) arising out of or relating to this Agreement, regardless of the legal theory under which such damages are sought, even if the Parties have been advised of the possibility of such damages or loss.

10. The Prime will recognize and identify the Subcontractor in its proposal and use its best efforts to secure approval from the Customer of the use of the Subcontractor upon award (if such approval is required). The Prime Contractor will keep the Subcontractor advised of relevant communications related to the Opportunity and afford them the opportunity to review any submissions that affect Subcontractor's area of responsibility.

11. Each of the Parties agrees that performance of this Agreement will require disclosure of proprietary information. As such, the parties agree to the following:

   a. Parties will use the same reasonable effforts to protect the other's confidential/proprietary

information as it uses to protect its own confidential/proprietary information. Each Party shall identify the informatiion it considers confidential/proprietary.

b. Parties shall restrict disclosure of such informatiion to those individuals directly participating in the proposal and subcontract effforts identified in the Agreement. Both Parties agree to use such information only for the purposes of pursuing the Opportunity and supporting any discussion/negotiatiions related to the Opportunity.

c. Subcontractor is prohibited from sharing any and all proprietary information obtained from Prime Contractor with any other party. This includes, but is not limited to, the following: team compositiion, past performance qualifications, capabilitiies of the Prime Contractor, and proposal themes, strategies, or discriminators.

12. Each Party will recognize the role and contributiion of the other Party in news releases or public announcements concerning this Agreement or the Opportunity. The Subcontractor shall obtain the written approval of the Prime prior to any public release concerning the Opportunity or award thereof. No Party, however, shall be precluded from revealing the contents of this Agreement to the Government, if requested. Any communicatiion directly to the Subcontractor by the Client, shall not be deemed a breach of this agreement so long as the Subcontractor notifies the Prime as soon as possible.

13. Subcontractor shall notify Prime in the event of any potential organizational conflict of interest (OCI) that could preclude their participatiion on this contract. As of the efffective date this Agreement, the Subcontractor has no reason to believe that the Client will contend that it has an OCI that would disqualify or limit it, prime contractor, or any of its subcontractors or consultants in proposing for or performing work on the Program. Subcontractor will promptly notify the Prime in writing of any potential, actual, or perceived OCI issues in connectiion with this agreement or arising after the date of this agreement. Any OCI issues that cannot be mitigated to the satisfactiion of the Client shall be reason for termination under Section 16(k).

14. In the event the Prime is awarded the proposed contract, the Prime and Subcontractor agree to negotiate in good faith and proceed in a tiimely manner to execute a mutually acceptable subcontract. The Prime will make every reasonable efffort to subcontract to Subcontractor. In the event that negotiatiion with the Client changes, reduces, or reassigns work contemplated herein as the responsibility of the Subcontractor, the subcontractor shall have the opportunity to consult with the Prime and suggest modificatiions to such reductions or realignment of responsibilitiies before acceptance of such reductiions by the Prime. The Prime shall negotiate with the Client in good faith on behalf of the Subcontractor and inform the Subcontractor of the resultant decision in a timely manner. The Prime will make no reductiions until the Subcontractor has been consulted.

15. The terms and conditions of the subcontract will be consistent with the terms and conditions in the prime contract and this Agreement. Without restricting the terms and conditions of the subcontract, the resulting subcontract will include required flow-down clauses. All other terms and conditions shall be mutually agreed upon by the partiies.

16. This Agreement, which is efective upon the date of its executiion hereof, shall automatically expire upon occurrence of any one of the following events or conditiions, whichever shall first occur:

a. Official announcement or notice that the solicitation contemplated by this Agreement or the Opportunity has been cancelled or that an award will not be made.
b. The receipt of written notice from the Customer that it will not award a contract for this Program to the Prime Contractor, but only if the award is not protested; if a bid protest has been filed, the issuance of a final decision that either awards or upholds award of the Program to a contractor other than Prime Contractor.
c. Award of a prime contract to the Prime and a subcontract to the Subcontractor.
d. Failure of the Parties, despite negotiating in good faith, to reach an agreement on the terms and conditions of the subcontract within ninety (90) calendar days from the initiation of the negotiations, which initiation shall in no event be deemed to have occurred prior to Prime Contract award to Prime Contractor.
e. Prime is unable to obtain Client approval of the Subcontractor, if such approval is required, and only after all efforts by the Prime to secure approval have failed.
f. Mutual written agreement of the Parties to terminate the Agreement.
g. Two (2) years from the date of this Agreement unless otherwise extended by mutual agreement of the Parties, if the RFP is still viable and no award has been made.
h. Written notice by the Prime that it reasonably believes that it has no chance of winning the procurement, making continuation impractical or uneconomical.
i. The subcontractor's proposal, products, or services are reasonably deemed by the Prime to be unresponsive to the solicitation or not competitively priced after good faith attempts by the Parties to resolve such issues.
j. The filing by or against either Party of a petition in bankruptcy or insolvency, or for reorganization, or for the appointment of a receiver or trustee, or the making of an assignment for the benefit of creditors. Both Parties will attempt to resolve, at the senior management level, any such financial capability issues prior to terminating this Agreement.
k. It is determined that an Organizational Conflict of Interest exists that cannot be mitigated to the satisfaction of the Client.

17. During the period of this Agreement is in effect, each Party agrees not to solicit for employment or hire any technical or professional employees of the other Party directly assigned to work on the Opportunity or resulting contract without the prior written approval of the other Party. Notwithstanding the above, each Party shall have the right to engage in customary employment advertising and recruiting efforts and to hire employees of the other Party who have responded to the same on their own initiative. The Parties further agree to include a provision similar to the above in any resultant subcontract.

18. This Agreement contains the entire agreement of the Parties and cancels and supersedes any previous understanding or agreement related to this Opportunity, whether written or oral. All changes or modifications to this Agreement must be agreed to in writing between the Parties.

19. In the event of breach of this Agreement by either party it is agreed that the remedy of the non-breaching party shall be limited to the recovery of its direct costs and applicable overhead expended in performing its obligations under this Agreement, and there shall be no liability for loss of present or prospective profits or any other consequential or special damages.

20. This Agreement is deemed to be made under and shall be construed in accordance with the laws of the State of Massachusetts, and venue for any suit arising hereunder shall be in the State of Massachusetts. This Agreement constitutes the entire understanding between the parties hereto

with respect to the subject matter of this Agreement. Any modificatiions or changes made subsequent hereto shall not be binding unless they are in writing and signed by both partiies.

IN WITNESS THEREOF, the Parties hereto have executed this Agreement.

EXHIBIT A

STATEMENT OF WORK

Subject to the provisions set forth in the Teaming Agreement and definitive requirements identifiied in the SIR and Statement of Work, this Exhibit addresses Changeis, Inc. (Subcontractor) responsibilities and envisioned scope of work under the HMMH (Prime) Policy, Engineering, Analysis, and Research Support (PEARS) III contract, hereinafer referred to as the "Opportunity".

Background

FAA has issued a solicitatiion for Services to accomplish tasks in various areas of the Opportunity Statement of Work (SOW).

HMMH and the Subcontractor agree that it is in the best interest of both partiies to work together to jointly pursue the Opportunity. Subcontractor will team exclusively with HMMH and provide pre-solicitation and proposal support that may include developing and refining solicitation strategies, themes, advantages, value propositiions, and overall win strategies; generating proposal materials and contributing to proposal productiion; developing a competiitive cost proposal; and other related activitiies that may be requested by the Prime. Further, the Subcontractor may be asked to leverage their relationships and subject matter expertise with key personnel and projects as part of pre-solicitation, proposal, and transition (afer award) actiivities.

Table A

Subcontractor Involvement by Task Area – Policy, Engineering, Analysis, and Research Support (PEARS) III Scope of Work

Task #	Descripton of Task	Subcontractor Role
1	Policy Development Support	Co-Lead
3	Noise & Its Impacts	Support Role
4	Modeling & Analysis Support	Co-Lead
6	Airport Environmental Streamlining Initiatives Support	Support Role
7	Air Traffic/Airspace Environmental Rulemaking, Policy Development, and Program Guidance Support	Support Role
8	Environmental Policy and Operations Support	Co-Lead
10	Technical Support	Co-Lead
11	Software Design, Testing & Implementation Support	Co-Lead
13	Knowledge Management Support	Co-Lead
14	Management Support	Co-Lead
15	Documentation Support	Co-Lead
16	User Support	Co-Lead
17	Conference, Committtee and Working Group Support	Support Role

Notes: Per discussions with Changeis, the tasks denoted as "Co-Lead" are areas where Changeis has strong qualifications to perform the work identified in the Draft SIR. Tasks denoted as "Support Role" are areas where Changeis can perform some of the work identified in the Draft SIR but others may have stronger qualifications to serve as the Lead.

For Subcontractor's teaming commitment, HMMH offers the following:

a) Subcontractor will have opportunity to provide support across the full range of services specified in the Prime contract.

b) Subcontractor will have right of first refusal at executiing 100% of work they identify and bring to this contractual vehicle. Should Subcontractor bring work to this vehicle and they are unable to fulfill all portions of such work (in the time frame required by the Client), HMMH will have the opportunity to fill any unfilled positions; subsequently, HMMH, as the prime, may then redirect such unfulfilled work to other teammates as necessary to meet contractual obligatiions.

c) Subcontractor will have preferential status on opportunities in the areas specifiied in Table A, when such opportunitiies are not affiliated with or marketed/directed/shaped by the Prime or another team member.

d) Subcontractor will be included in distribution of bid opportunities for task order RFPs that are not linked to Prime or other team member marketing initiatives.

e) Subcontractor will have opportunities to develop new work through joint marketing efforts with the Prime. Jointly developed opportunities shall be closely coordinated between HMMH and Subcontractor to ensure a unified approach and improved probability of success. Workshare allocation for these opportunitiies will be determined on a task-by-task basis.

Individual positiions may be full- or part-time, and may be temporary or long-term, as required by the task orders. Individuals will work closely with HMMH employees and other subcontractors as part of an integrated team. Work will be performed at locatiions specified in the task orders.
